

Durable - Never rot or rust

Termite proof

**Fully insulated post -
No insulators needed**

Long lifespan - UV stable

**Drivable pointed end for
fast installation**

Pre-drilled holes

Sturdy & lightweight

100% recycled plastic

Weatherproof

Maintenance free

Recyclable

Australian made & owned

Our solid, recycled Square Pickets are sturdy, drivable, durable & fully insulated. Suitable for a wide range of farming applications, similar to steel star pickets

- Durable – will not rot or rust
- Termite proof and bacteria resistant
- Fully insulated for easy electrification of any or all wires– no insulators needed!
- Pre-drilled holes for easy installation
- UV stabilised for long outdoor life
- Waterproof – ideal for swampy, coastal, wet or flood-prone areas
- Drivable point for quick installation with a manual or petrol post driver *
- Low maintenance – never need painting
- Suitable for acidic, alkaline or saline soils
- Made in Australia from 100% recycled plastics
- Recyclable at end of life
- Easy to work with– can be screwed, drilled or sawed like timber
- Affordable, with excellent lifetime value
- Ideal for creating mesh tree guards around newly planted trees
- Supports many types of wire, silt fence, barrier mesh or wire mesh
- Perfect to combine with our larger PLUS Post or Droppers for a smart, uniform fence with no untidy clips or insulators

Specifications:

- Square 38mm (w) x 38mm (d) in two standard lengths: 1650mm (2.3kg) & 1800mm (2.5kg)
- Standard number of pre-drilled holes: 7
- Colour: Black

Options:

- Dark Green colour
- Pre-drilled top slot for barbed wire or plain wire
- Customised lengths, hole spacings and hole sizes

WARNINGS: Product is **not suitable for use as a strainer or end post. To prevent bowing of pickets in the sun, do not leave unstrapped pickets lying on the ground.**

As Plastic Forests Pty Ltd has no control over fabrication, installation design, installation workmanship, accessory materials or conditions of application, Plastic Forests Pty Ltd does not warrant the performance or results of any installation or use of the product or any final product into which the product may be incorporated by the purchaser and /or user. The purchaser and /or user should perform its own tests to determine the suitability and fitness of the product or the particular purpose desired in any given situation. * Depending on soil conditions - cannot be driven into heavily compacted or rocky ground.
