

David,

This is the extract from the current WW Design Brief

B.1.4 CAR PARK AND ROADWAYS

B.1.4.1. BRIEF

i. Provide vehicle access and car parking to facilitate customers, store team members, and delivery, service and maintenance vehicles.

B.1.4.2. REQUIREMENTS

i. Refer to Woolworths Property Management Car Park Standards for guidelines.

ii. Provide road paving, line marking, kerb and guttering, paths, trolley corrals.

iii. Provide car park lighting to current Woolworths Electrical Specification requirements

iv. Crossovers shall be widely splayed to facilitate entry and exit.

v. Provide minimum headroom of 2400 mm between the floor and overhead obstructions. NOTE: Appropriate warning signage (indicating min headroom clearance) and striker bars shall be installed at all entrances to the car park.

vi. Primary car park aisles that lead to and from entry points to public roads must be 7000mm wide. All other car park aisles to be minimum 6500mm wide.

vii. Parking bays to be 2600 mm x 5500 mm minimum.

viii. Provide five (5) car space per 100 m² of Gross Lettable Area unless stated otherwise by Woolworths Group (refer also to the provisions stated within the Agreement for Lease). ix. Provide accessible car parking spaces to the latest editions of AS 1428 and AS 2890.1.

x. Provide at least two parking spaces dedicated for Pick up collection customers.

xi. Provide "parents with prams" parking. To be located close to the building entrance or lift entry. NOTE: Quantity of allocated parking spaces shall be equal in number to required disabled spaces.

xii. Provide wheel stops to car parks adjacent to buildings, walls, landscaping or other obstruction requiring protection. Wheel stops shall:

a. Have coloured 'high visibility yellow' element to provide contrast to the surrounding pavement.

b. Manufactured from 100% recycled plastic. Preferred supplier is "Plastic Forest"
