

GreenMongrel™

Heavy Duty Root Barrier

plasticforests.com.au

Super thick 3mm barrier

Long life – never rot or crack

**Resistant to Environmental
Stress Cracking**

**100% recycled LDPE/HDPE
plastic blend**

Flexible & lightweight

UV stabilised & impermeable

Australian Made & Owned

Heavy Duty Root Barrier acts as a continuous, physical, plastic barrier to minimise the damaging effects of tree roots to pavements, foundations, roads, driveways & pipes.

- Super strong, 3mm thick material provides a tough barrier against escaping roots
- Made from a blend of **recycled LDPE/HDPE plastic** for improved resistance to Environmental Stress Cracking (ESC):
“...lower density polymers offer better resistance to ESC” (than HDPE) *
- Lightweight and flexible
- UV stabilised and weatherproof
- Impermeable barrier against moisture loss
- Durable and tough – will not rot, rust or crack
- Fungus and bacteria resistant
- Australian made & owned - Recyclable at end of life
- Easy to install
- Standard 3mm sizes: (Longer rolls to order)
300mm (h) x 12m length roll - Black
600mm (h) x 12m length roll - Black
OPTIONS: Up to 1500mm wide, colours
